

LISTEN UP LORDLY LEOS.....

The LCA Breeding Committee is raising the Stud Book Directory up a notch with the addition of some exciting features. First of all, we will be including a Bitch Book Directory on the website similar to the online Stud Book. Secondly we'll be offering you a great advertising venue for about \$4.16 a month.

The end result of this new project will take time to coordinate and produce. Your patience will be greatly appreciated, but your participation is needed now. At this time we are inviting the current U. S. and Canadian LCA members to submit information on their stud dogs of record, and also their as yet unproven, promising youngsters.

The cost for the online Directory includes set up, one year of advertising your stud on the LCA website, and the ability to set up additional pages linked to your main page with information on your boys' health, accomplishments, titles, offspring etc... Stud owners who currently have a male on the LCA stud list can remain on the directory web-site without charge until 1/1/10. New U.S. and Canadian stud owners in good standing will be able to add their Stud Dogs to the Directory for a fee of \$50 per stud per year, pro-rated this year from July 1 to Dec 31 at \$25. There is no fee for Stud Dogs of record who are already on our stud list until 1/1/10.

Qualifications include that owners be LCA members; the dogs must be AKC registered and have a CHIC # with passing hip rating. Canadian Studs will also need a DNA #.

We are giving our current studs the courtesy of adding them to the new Directory first. When we complete coordinating their information, we will start adding the information from the new, qualified studs belonging to LCA and CKC members in good standing.

1. Please complete the attached Stud Dog Submission Form.
2. Send along quality, flattering photographs of your boy: standing side profile, head and front shot. We will review all photos to assure the best representation.
3. Please remember to include a copy of your dog's CHIC certificate.
4. Put all this stud dog information together and send it to:
