

# LEONBERGER OPEN HEALTH REGISTRY

## RELEASE FORM

Waiver: In order to be included in the Leonberger Open Health Registry (LOHR), consent must be given by all legal owners of the dog. The LOHR will not confirm the ownership of any dog. If this form is returned with only your signature, you represent that you are the sole owner of the dog in question and have the exclusive authority to consent to entry of data into the registry. If a co-owner is deceased, contact the estate to determine a dog's current other co-owner. If a co-owner has disappeared, include a note about the efforts you have made to locate that person.

LOHR will rely solely on your representation. If you do not have a veterinarian check to confirm a diagnosis, you take responsibility for the correct diagnosis.
