

## LCA Show Committee Forms Update

The Show Committee has revised many of the reporting forms used by club members to report results at non-LCA shows they have attended (*Points Forms*), and forms that LCA Regional Clubs use in reporting the results of LCA Regional Specialty Shows (*Post-Show Reports*). These revisions reflect the changing of the guard at the Points Secretary position, (from Betsy Carmona to Jennifer Hansgate) as well as the incorporation of the AKC Companion Events at which we are now approved to compete. The forms now have separate versions for Conformation events and Working events.

Club members should use the new points form to report results at non-LCA Conformation shows, and Working events such as Obedience, Agility, Water and Draft. Though these forms now include Rally & Tracking, keep in mind that the LCA does not yet recognize or award titles in those venues. The Show Committee is currently working on rules proposals to change that, so in the meantime you may want to record that information in the event that titles are awarded retroactively (as is our usual policy).

The Show Committee has also revised the *Application to Host an LCA Event* to include additional working events such as Rally, Tracking, Water, Draft & Agility in anticipation of the approval of LCA Regional Clubs to host such events in the future. The Show Committee recently received approval from the Board, and the LCA now has an established process for Regional Club Certification for such events through the hosting of “fun matches” that demonstrate the ability to host those working events. Please be advised that at the present time no LCA Regional Clubs are certified to hold the following events (except as fun matches):

Rally Trials  
Agility Trials  
Water Tests  
Draft Tests  
Tracking Tests

And lastly, there is a new form for LCA Regional Clubs to report any “unusual incident” (*Post-Show Incident Report*) at an LCA Regional Show, involving people and/or dogs.

If you have any questions regarding any of these forms, please contact a member of the LCA Show Committee.
