| Narrative        | Booker's temperament is calm, friendly & gentle. He is often the "peace maker" in our Leo pack. He is our Library Dog at our local public library here in West Linn, OR & goes to work with me daily. Booker is a registered Therapy Dog with Pet Partners. Booker is a big boy with sturdy bone & nice head. Although he weighs 170 he is very agile. Booker has done very well in the confirmation ring with 16 BOB in the last year & a half when shows in the PNW opened up after COVID. |
